

Invitation to Join our Quality Assessment and Performance Improvement Committee

At AmeriHealth Caritas Next Delaware, an AmeriHealth Caritas VIP Next, Inc. HMO Benefit Program offered both on and off on the Health Insurance Exchange®, one of our goals is to have a stronger partnership with our network of healthcare providers. To help achieve this goal we are inviting participating physicians to become a member of our Quality Assessment and Performance Improvement (QAPI) Committee.

The QAPI Committee provides oversight of our Quality Program. Your participation will help AmeriHealth Caritas Next transform health care delivery for the vulnerable population we serve and help us fulfill our commitment to improving the overall health of our members.

The QAPI Committee meets quarterly and is chaired by our Chief Medical Officer. **You will be compensated for your time and participation.**

If you are a participating physician and are interested in joining the QAPI Committee, please contact Ifunanya Ifezulike in our Quality Management Department at iifezulike@amerihealthcaritas.com.

Thank you for your consideration and the care you provide to our members.
