## **About your Schedule of Benefits**

This Schedule of Benefits outlines services that may be covered under your health benefit plan. Please refer to the Evidence of Coverage (EOC) document for more details on covered health services and important limitations. Your EOC also describes preventive services covered with no cost sharing. As a member, you are responsible for the deductible, copayments, and coinsurance for eligible services.

#### Coinsurance

A percentage of the allowed amount you are required to pay for covered health services and prescription drugs, for example 20%. A copayment is not a coinsurance.

#### Copayment

A specific dollar amount you may be required to pay as your share of the allowed amount for covered health services or prescription drugs you receive. A copayment is a set amount, rather than a percentage. For example, you might pay \$10 or \$20 for a doctor's visit or prescription drug. A copayment is not a coinsurance.

#### **Deductible**

The amount you must pay for covered health services or prescription drugs each year before the health benefit plan begins to pay.

#### **Limitations and Exclusions**

Some benefit limitations and exclusions are outlined on p. 3-7 below. Please review your EOC and other policy documents. These give a full description of services and items that are limited or not covered by your health benefit plan.

#### **Out-of-Pocket Maximum**

The most that you pay out-of-pocket during the calendar year for in-network covered health services. It includes deductibles and any cost sharing amounts the member has paid. Amounts you pay for premiums do not count toward the out-of-pocket maximum amount.

#### **Quantity Limits**

A tool to limit the use of selected drugs for quality, safety, or utilization reasons. Drugs may be limited by the amount that we cover per prescription or for a defined period of time.

#### **Prior Authorization**

Approval in advance to get services or certain drugs that may or may not be on our formulary. Some in-network medical services are covered only if your doctor or other in-network provider gets prior authorization from your health benefit plan.

#### Note:

AmeriHealth Caritas Next plans do not offer embedded pediatric dental coverage as there are stand-alone pediatric dental plans available in the exchange for purchase. AmeriHealth Caritas Next will inform consumers of the availability of stand-alone pediatric dental plans during the plan selection and enrollment process.

### Your Deductible and Out-of-Pocket Maximum

This Benefit Overview describes your coverage and Cost Sharing Amounts, including Deductible and Out-of-Pocket Maximum, under this plan.

General Cost Share & Features	In Network	Out of Network
Deductible: - Per Calendar Year - Medical and Drug Combined - Some services do not apply to the deductible, as indicated below.	\$0/Individual \$0/Family	Not Covered
Out-of-Pocket Maximum: - Per Calendar Year - Medical and Drug Combined	\$0/Individual \$0/Family	Not Covered

If you are the subscriber, and the only member covered under your health benefit plan, the individual out-of-pocket maximum amount applies. If you have other family members on your plan, the family out-of-pocket maximum amount applies. The plan has an embedded individual out-of-pocket maximum within the family out-of-pocket maximum. No one member can contribute more than their individual out-of-pocket maximum amount to the family out-of-pocket maximum. Copayment or coinsurance amounts a member pays for services shown as covered without an out-of-pocket maximum will not count toward meeting the individual or family out-of-pocket maximum.
